Colorado Northwestern Community College is seeking 2 qualified applicants to teach:
Introduction to Unmanned Aircraft Systems

These are both part time, non-benefited adjunct teaching positions. CNCC is looking for qualified adjuncts to teach on each campus. One located in Craig and the other located in Rangely. The first class will start in the Fall of 2018.

This course introduces students to the planning, regulatory, administrative, and operational processes and knowledge required for facilitating an unmanned aircraft systems (UAS). This course includes examination of the technologies associated with small, medium, and large unmanned aeronautical vehicles (UAVs), ground control stations (GCS), remote split operations, line-of-site operations, payloads, limitations, emergency procedures, and future implications as related to UAV/UAS in commercial and government settings. This class is designed for any student with an interest in UAV/UAS operations.

Position Requirements:

- FAA Remote Pilot (Small Unmanned Aircraft Systems) Certificate
- At least a FAA Private Pilot Certificate or 1 year professional UAS experience
- One year teaching experience
- FAA Certified Flight Instructor Certificate preferred
- Minimum AA degree preferred

If you have questions please contact either Donna Secules, HR at 970-824-1136 or Meghan Davis, Dean at 970-675-3239. CNCC is an equal opportunity employer.
