

## About the ATI TEAS Test

The ATI TEAS (Test of Essential Academic Skills) is designed specifically to assess a student's preparedness entering the health science fields. The ATI TEAS Test will be administered as a part of your basic admissions requirements. The ATI TEAS Test is similar to the SAT or ACT; however, it is designed specifically for health science schools like Nursing or Allied Health. The score you receive on the ATI TEAS Test will help schools determine your readiness for a Nursing or Allied Health program.

The ATI TEAS Test is comprised of 170 questions set up in a multiple-choice format. Questions are designed to test the basic academic skills you will need to perform in class in the areas of: Reading, Math, Science and English and Language Usage.
