## COVID Vaccinations:

As we have consistently done over the past many months, CNCC does not require you to have the COVID-19 vaccination; however, we continue to strongly recommend that all members of the college community receive a COVID-19 vaccine and to practice appropriate social distancing. These strategies have resulted in very low cases of COVID-19 on our campuses and among our employees. [Click to Detail Plan](#)

Similar to hosting flu shot clinics and health fairs, the college will make every effort to promote the COVID-19 vaccine this Fall, make it readily available to residents of our mountain communities, and strive for broad based immunization among our campus populations. In cooperation with Moffat and Rio Blanco County Health Departments, CNCC has arranged the following Fall 21 COVID Vaccine Clinics:

**CRAIG CAMPUS:** August 21<sup>st</sup>  
**RANGELY CAMPUS:** August 21<sup>st</sup> and 22<sup>nd</sup>
