

Business Planning for a New Start Up

Thinking about going into business?
Spend one evening getting a clear picture of what it's really like
to run a small business.

Assess your strengths and weaknesses as
a business owner. Learn how to analyze the
potential for your business.

This program is designed for people who
have not yet started a business.

You will learn how to answer these questions:

- Who are my customers, why do they want/
need my product/service, and how many are
out there?
- How do I build a revenue/sales forecast?
- Where do you find good data?
- How much money will you need to start
your business and how to build a monthly ex-
pense budget? What is the forecast for profit/
loss my first two years?
- What are the sources for funding your
business and what do they require?
- What resources are available to help you
with the planning process?
