January 22, 2020

Colorado Northwestern Community College #07394

Attn: Jamie Carbone, RN

2801 W. 9<sup>th</sup> St.

Craig, CO 81625

Dear Ms. Carbone,

At the January 22, 2020 full Board meeting the State Board of Nursing accepted the recommendation that the Colorado Northwestern Community College nurse aide training program #07394 be granted Continued Active Approval. The program is currently considered to be in active status and is permitted to admit and graduate students.

Approved programs in “Active” status or “Active-Interim” status are required to submit the following:

- Annual Report on the form that will be provided to the program by the Board at the beginning of the calendar year.
- Names of individuals that have completed each session of the training program within 30 days of course completion. (Reporting form can be found at: [https://www.colorado.gov/pacific/dora/Nursing\\_Education](https://www.colorado.gov/pacific/dora/Nursing_Education))

Approved programs must receive a site visit no less than every two years to ensure compliance with the Chapter 11 Rule. Your next site visit must occur on or before October 15, 2021. It is required that the program coordinator report all significant changes in the program to the Board prior to implementing the change.

Significate changes include:

- Program Coordinator or Primary Instructor (reporting forms can be found at: [https://www.colorado.gov/pacific/dora/Nursing\\_Education](https://www.colorado.gov/pacific/dora/Nursing_Education))
- Terminal Competencies
- Number of hours of instruction
- Order of curriculum content
- Clinical site(s)
- Program contact information
- Provision for permanent record keeping
- Program status (e.g., inactive, closing)

- Governing Body

If your clinical training site is a Medicare/Medicaid certified skilled nursing facility that certain sanctions enforced by the Colorado Department of Public Health and Environment will result in your inability to use that clinical facility for the training of nurse aides. Nurse Aide Training Programs are encouraged to have contracts with more than one clinical site in order to avoid the difficulties that can occur should their sole clinical site become ineligible.

Please contact me with any questions that you may have regarding nurse aides or nurse aide training programs. I look forward to continued work with you and your program.

Sincerely,

Renee Belisle

Nurse Aide Training Program Manager

Hello Meghan,

Please find attached the continued approval letter for CNCC sent to the training program in 2020. As you will see, that training program was due for a site visit in October 2021. Due to COVID-19 site visits were suspended from March 2020 - May 2022. I am just now beginning to resume site visits starting with those programs that are the most overdue. I will contact the program's Program Coordinator when I am scheduling site visits in the Steamboat/Craig area. The training program continues to have full approval by the Board of Nursing. The lack of timely site visit is not the fault of the training program's and is not penalized for that.

Thank you.

Hi Renee,

I hope you are doing well! I am gathering documentation for our Higher Learning Commission (HLC) accreditation review and I am needing a copy of Colorado Northwestern Community College's standing/credential for offering Nurse Aid at our institution.

I wasn't sure if there was an easy location to pull a copy (for example – I went to ACEN to get our Nursing program accreditation standing) in order to provide this document for HLC?

Please let me know if this is something you can assist me with. You can reach me directly at: 970-675-3340.

Thank you!  
Meghan
