	Other Aid (not listed on Award Letter) (e.g. Private Scholarships, Tuition Credit, Voc. Rehab, VA, etc.)	\$ _____	\$ _____	\$ _____
	<b>Total Estimated Financial Aid</b>	\$ _____	\$ _____	\$ _____
	<b>Total</b>	\$ _____	\$ _____	\$ _____

(Subtract Estimated Financial Aid from Total Estimated Charges)

You may want to consider a student loan to help meet your education expenses. Hopefully this worksheet has helped you determine the amount you may need.

**OFFICE OF FINANCIAL AID**  
**YOU ARE RESPONSIBLE FOR READING AND UNDERSTANDING**  
**INFORMATION INDICATED BELOW**

**USE OF FUNDS:** Student aid funds are made available for purposes directly related to obtaining an education at this College. This includes: tuition, fees, books and supplies, basic living expenses and modest personal expenses. Use of these funds for purposes other than the above will be considered as a cause for revocation of any assistance offered.

**REVIEW:** The College reserves the right to review and adjust or cancel awards at any time due to changes in financial, marital or academic status. All awards are contingent upon the availability of funds and are subject to change for this reason.

**SATISFACTORY PROGRESS:** Students must maintain a 2.00 cumulative Grade Point Average (GPA). Students receiving scholarship funds must maintain the GPA required for that fund. Students must complete at least 67% of cumulative attempted credit hours. The completion rate is defined as the percentage of the total number of credits completed divided by the total number of credits attempted over the entirety of a student's academic record at the school performing the calculation. Transfer credits on the student's record are taken into consideration when computing the student's completion rate. All other credits, including remedial credits, are included in the calculation of the cumulative completion rate.

For financial aid purposes the minimum number of credit hours for full-time enrollment is 12 (twelve). The minimum for three-quarter time enrollment is 9 (nine) credit hours. The minimum for half time enrollment is 6 (six) credit hours. Students not maintaining the required hours and/or GPA are subject to warning/ineligible for aid as outlined in the Satisfactory Academic Progress Policy. All students receiving funds are required to read and understand this policy. Copies are available at <http://www.cnc.edu/admissions-aid/financial-aid/standards-progress/>

**MEASURABLE PROGRESS:** A student receiving financial aid is required to be enrolled in an eligible degree or certificate program. Once students have attempted 110% of the number of credit hours required for their degree or eligible certificate program, they will be sent an alert letter. This letter will explain to the student that they will be ineligible for aid when their total attempted credits are 150% of their total program credits. Federal regulations allow financial aid recipients to receive financial aid for a maximum number of attempted credits. Students attempting credits in excess of 150% of the required number of credits to complete their program of study will be ineligible for aid. If at any point in time it is determined that a student cannot complete their program of study within 150% of the program length, financial aid will be suspended. Transfer credit hours ARE included in the calculation of allowable maximum time frame. Attempted credit hours under all courses of study are included in the calculation of attempted and earned credit hours. Up to 30 credit hours of remedial credits will not be included in the calculation when determining if the student has exceeded the maximum time length (150% of the hours required) for the declared program of study, provided that the courses are not applicable to the declared program of study.

**FUNDS/WITHDRAWALS:** A student who totally withdraws from school is obligated to notify the Office of Financial Aid prior to withdrawal. The Office of Financial Aid is required to perform a process called Return of Title Four to determine if the student earned all of the funds released. In the event aid was not earned it is required that the necessary funds be returned to the appropriate program. Details of this policy and procedure for repayment are in the financial aid handbook, found online. Students who totally withdraw from school are subject to financial aid ineligibility as stated in the Satisfactory Academic Progress Policy. The mandatory return of funds could result in a financial obligation to the college.

**APPEALS:** Financial aid ineligibility can be appealed if the student feels they have mitigating circumstances. Student's wishing to appeal must obtain an appeal form from the Office of Financial Aid and submit the form and necessary documentation in a timely manner.

**DISBURSEMENTS:** Student aid funds will be used to first meet any tuition, fees and other pre-authorized charges (room/board, and books, if charged to account) due for the recipient. Any remaining grant, scholarship or loan funds will be made available after the drop/add period. Student wanting to know when their funds will be available should check with the cashier's office. All funds are disbursed through this office. Work study funds must be earned on a job and are not available until the student has been placed in a job and has begun working.

**RENEWAL:** Financial aid awards are made for one year or less. All recipients must reapply for assistance each year.
